Message from the CEO

At Khan & Sons (Bangladesh) Ltd., a name synonymous with excellence in the construction field for the past 45 years, we hold trust as the cornerstone of our operations. As a first-class government contractor, we have established Construction Solution, our private sector endeavor, to extend our reach and uphold our commitment to safety and environmental protection.

Our Commitment:

Safety and Environmental Protection: We operate with the utmost regard for safety and the environment.

Meaningful Impact: Our company's real strength lies in our meaningful touch on the lives of individuals.

Societal Development: We are dedicated to improving the lives of individuals wherever we work.

Our Beliefs:

Professionalism and Transparency: We maintain the highest standards of professionalism and corporate transparency.

Ethical Practices: Our business conduct is always ethical and responsible.

Construction Solution has emerged as one of the leading companies in Bangladesh, thanks to our team of experts who tirelessly work to fulfill every commitment.

"A wise person should have money in their head, but not in their heart." - Jonathan Swift, Irish Poet

This philosophy resonates with us deeply. We believe that our success is not measured by monetary gain but by the exceptional quality of services we provide.

Our Gratitude: We extend our heartfelt thanks to all our invaluable customers, business partners, and employees. Your unwavering support and strength have been pivotal in our progressive success and in realizing our vision and goals.

Rtn.Engr.A N M Shafiqul Karim,

Exploring Our Wide Range of Services: Expanding Your Opportunities

Project-Based Ready-mix Concrete Supplier:

Construction Solution is a leading supplier of project-based ready-mixed concrete in Bangladesh, offering a comprehensive range of quality products tailored to diverse construction needs. With extensive experience serving commercial, industrial, domestic, and infrastructure projects, we ensure consistent quality and deliver customized solutions to meet client requirements. Our concrete solutions boast superior properties, including high compressive strength, easy mouldability, and durability, facilitating efficient construction. Operating under stringent quality control measures, our fully equipped laboratory ensures compliance with specifications and codes, upholding our commitment to excellence.

Construction work

- Consultation Services
- Construction of RCC Structure
- Patent stone casting
- Prefabricated Steel Structure
- Dredging & Land Filling Work

Concrete-based waterproofing, Rendering, and Flooring

Greetings from Solution Window Ltd., an esteemed counterpart to Construction Solution. Committed to unwavering quality, we redefine construction standards with precision and expertise. Our tailored solutions encompass cutting-edge waterproofing and specialized applications. Rely on us for steadfast reliability, innovative practices, and a dedicated partnership to ensure the enduring strength of your structures. Welcome to a distinguished era of construction excellence with Solution Window Ltd.

Our services:

- Rendering
- SBS and APP waterproof membrane work
- Floor hardening, Epoxy, and PU flooring work
- Crack repair, pressure grouting, epoxy injection, and PU foaming work
- Basement, swimming pool, reservoir, ETP, WTP, STP, rooftop waterproofing
- Rebar anchoring and non-shrink grouting work

Repairing & Retrofitting:

Retrofitting adds new features to older buildings, heritage structures, bridges, and other structures. Retrofitting reduces the vulnerability of damage to an existing structure during a near-future seismic activity. Retrofitting in structures is done to increase the survivability of the structure. However, from the Civil engineering perspective, The Retrofitting term may be referred to as Seismic Retrofitting. It is modifying existing structures to make them more resistant to seismic activity, ground motion, or soil failure due to earthquakes.

Note: Our mother company Khan & Sons (Bangladesh) Ltd. is an ISO certified 1st class govt. contractor, it has forty years of experience in the construction arena. We have a lot of landmark govt. project compilation experience such as Kurmitala Golf Club, National Medical Collage, CGM Court Building, International Mother Language Institute, Azimpur Govt house building, etc.

Running Construction Projects

Project 01

- Project Name: Healthcare Life Science Limited, Mirsharai, Chittagong
- Client: Healthcare Life Science Limited
- Contractor: Construction Solution
- Structure Type:
 - a) Penicillin Production Unit (7-storied Building), 62,000 sft each floor.
 - b) Business Centre (5-storied building), each floor 30,000 sft.
 - c) 2500-meter-long internal Road and drainage channel.

Project 02

- Project Name: Hospital Building of Delta Medical College & Hospital, Rajfulbaria, Savar, Dhaka
- Client Name: Delta Medical College & Hospital
- Main Contractor: Khan & Sons (Bangladesh) Ltd.
- Sub-contractor: Construction Solution
- Structure Type: Hospital Building (10-storied building)

Project 03

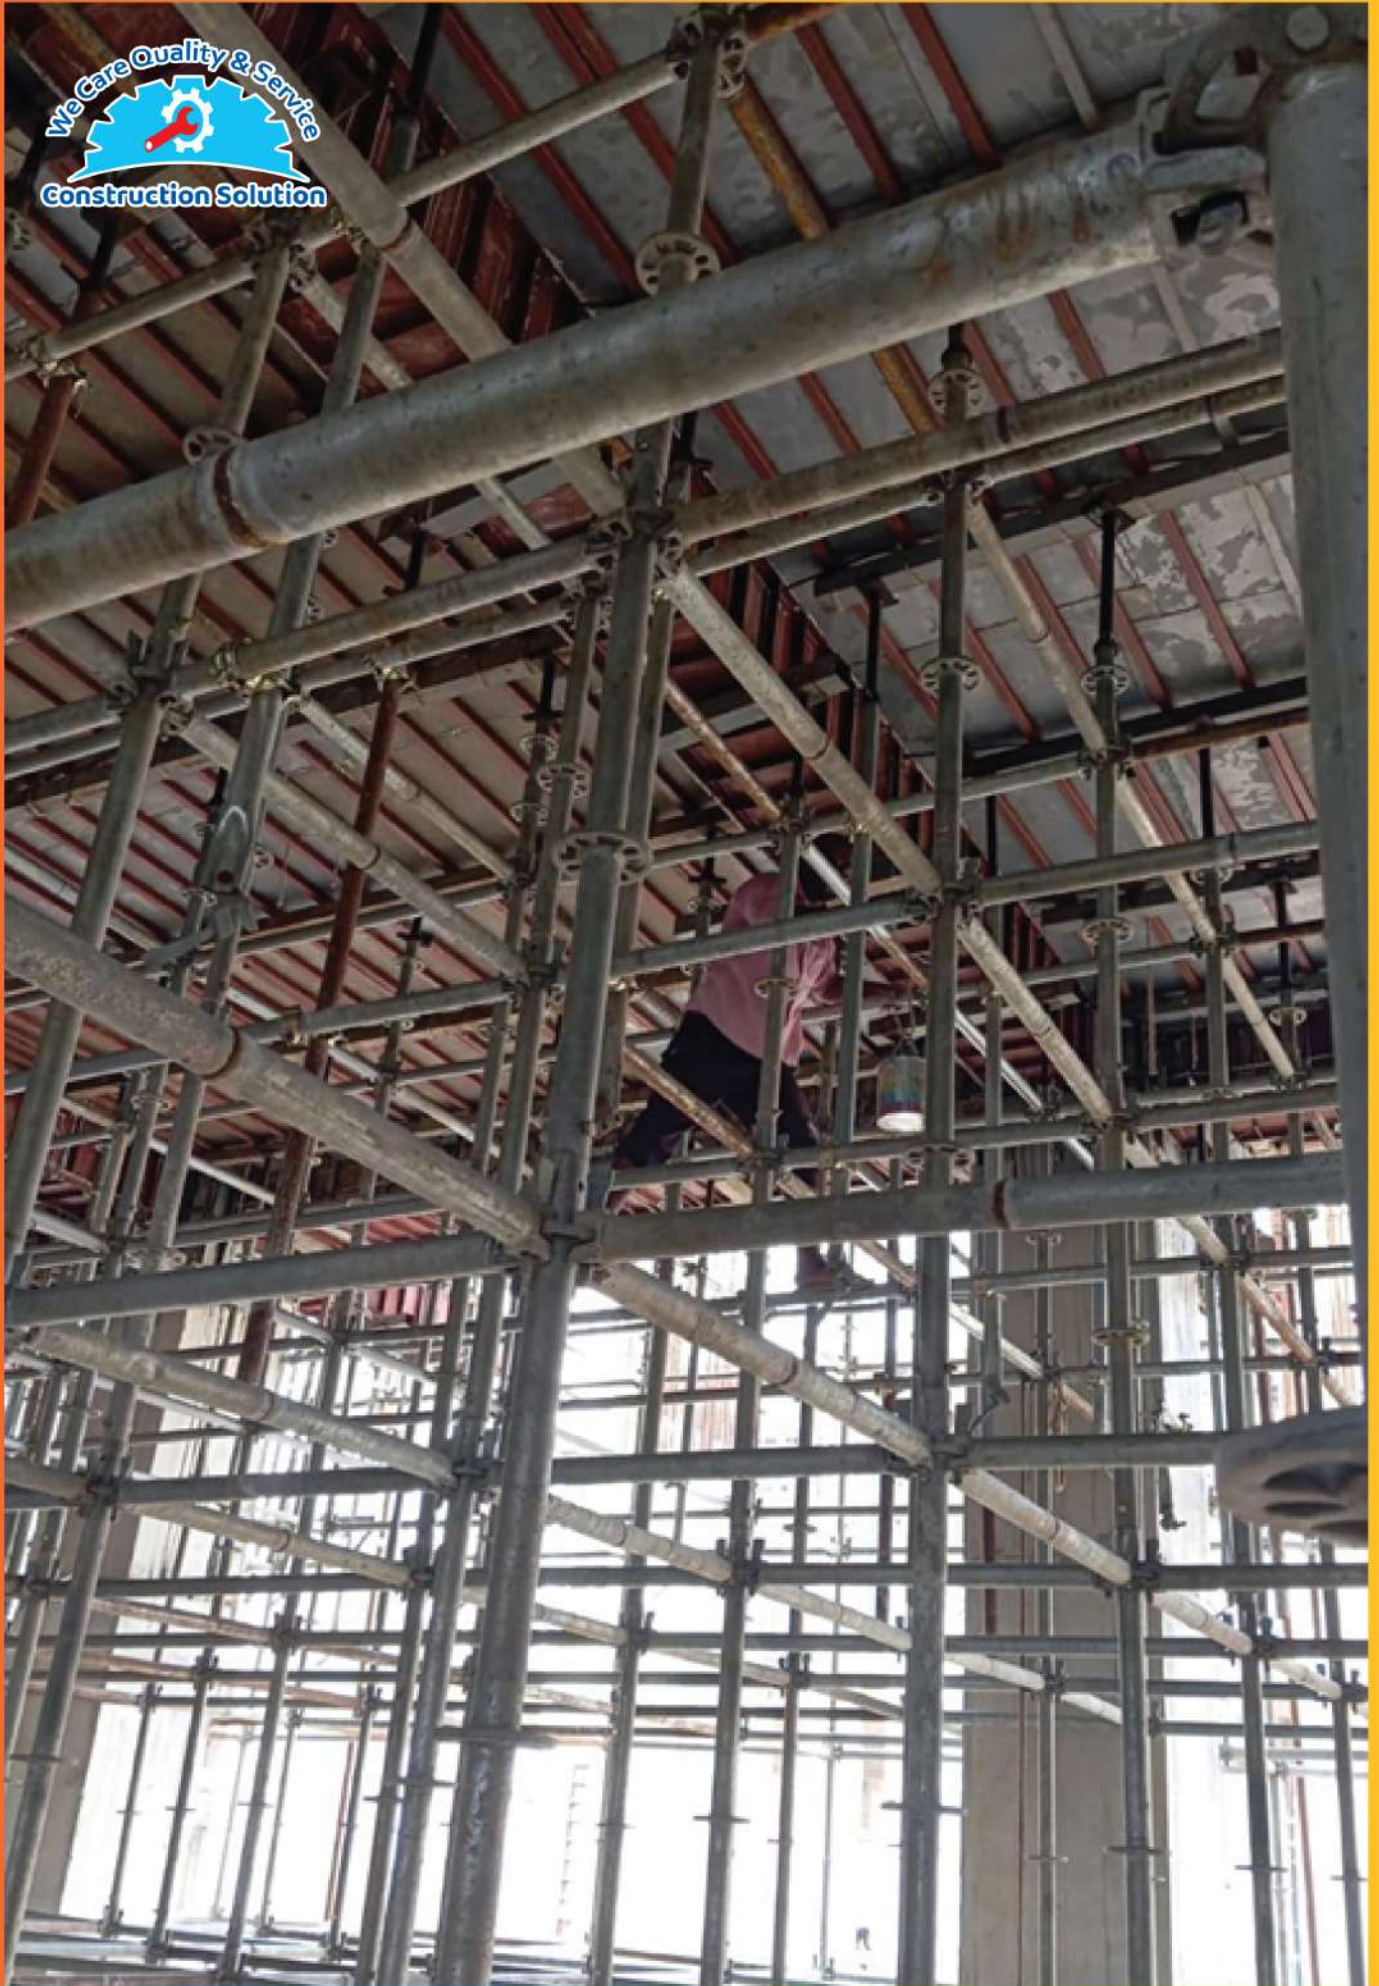

- Project Name: Academic Building of Jatiya Kabi Kazi Nazrul Islam University, Trishal, Mymensingh
- Client Name: Jatiya Kabi Kazi Nazrul Islam University
- Main Contractor: Khan & Sons (Bangladesh) Ltd.
- Sub-contractor: Construction Solution
- Structure Type: Academic Building (10-storied building)
27,000 sft each floor.

Environment Health & Safety (EHS)

For all of our project operations, Construction Solution has set a Health & Safety target of "Zero Incident." To perform in such a way that we are proud of being an occupationally safe organization and earn the confidence of our customers. Due to our high focus on the safety and health of our employees, meetings, and training are conducted daily, weekly, and monthly including fire drills, toolbox meetings, safety awareness programs, and other safety-related topics.

Our goal is "There is no harm to anyone or the environment."

Safety Gears

Safety materials and equipment such as helmets, safety shoes, goggles, earplugs, and masks are provided depending on tasks and are mandatory for all workers and employees at any construction solution project.
